The Combi CE-10 is an automatic system that erects and bottom seals corrugated cases at speeds from 500 to 700 cases per hour. This value-priced case erector is ideal for applications that require more throughput than manual case erecting can provide. This versatile system creates instant labor savings and increased production for a wide range of medium-speed applications. With industry leading standard features like low case and low tape alarms, powered case magazine and fast no-tool changeovers, the CE-10 is a simple, operator friendly solution for your packaging line.

**Standard Features**

- High capacity powered case magazine holds 150-200 RSC cases
- Small footprint minimizes valuable floor space
- Standard low case and low tape alarms with stack light assures continuous operation
- Safety interlocked guarding restricts access to moving parts
- 2 inch 3M™ Accuglide™ tape head
- Erects at 10 cases per minute
- CE International certification

**Instant Productivity**

CE-10
CASE ERECTOR / BOTTOM TAPER
**ADDITIONAL FEATURES:**
- 2-stage erection process
- Powered case magazine
- Allen-Bradley™ PLC control
- Right hand or left hand execution
- Low tape & low case alarm with stack light
- Heavy-duty vacuum pump
- Safety disconnect
